A Smarter Link Indexing Service

Pay-for-Performance Guarantee

You only pay for successfully indexed links. Our backlink indexer automatically refunds credits for any URL that doesn't get indexed.

No GSC Access Required

Our link indexer works on any URL, whether you own the site or not. Perfect for indexing backlinks, citations, and tier 2/3 links.

Safe & Secure Indexing Methods

We use white-hat, spam-free indexing techniques that are 100% safe for your most important websites and client projects.

Pay-As-You-Go (PAYG)

Rapid URL Indexer uses a fair pay-as-you-go credit system instead of a subscription trap. You only pay for the exact number of indexed links.

Best Link Indexer Performance

Our professional link indexer has a higher success rate than most other indexing services. You can get links indexed on Google that you thought couldn't be indexed.

Advanced Link Indexer Reporting

Rapid URL Indexer provides accurate reporting on the indexing of your links. You get access to visual charts and CSV downloads.

Affordable Link Indexer Service

Our link indexer service costs on average 10x less than other backlink indexer tools that do not even offer a 100% refund guarantee *and* have a lower indexing rate.

Full Automation & Integration

Connect our RESTful API, WordPress plugin, or Zapier integration for a completely automated link indexing workflow without any manual link submission.

Design Change 4:

Logo on Mobil must be on center position

DESIGN CHANGE 5

Mobil Navigation should look more like this (Surferseo) with small icons on top (google, Gemini, chatgpt, bing)

Size:Full width background: black with white text (big sign in button in the bottom)

Boost visibility in [Google](#) [Gemini](#) [ChatGPT](#) [Perplexity](#) and beyond.

ADDON 2:

AUTOMATICALLY EMAIL

After each user has created a batch and the first links have been indexed, they should receive a one-time email stating that the first links have been indexed by Google. (only 1 email after each batch created after the first links have been indexed)

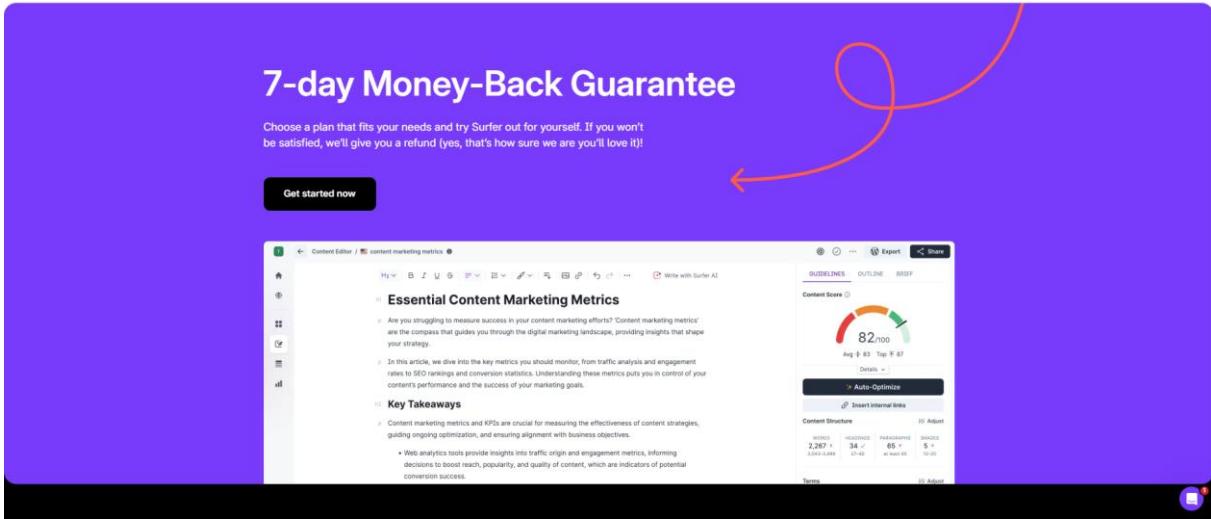

ADDON 3:

*Our advanced link indexer is built on trust. Get a 91% average indexing rate with 100% **safe methods** and a fair pay-as-you-go model. We guarantee you only pay for successfully indexed links, with **automatic credit refunds** for any URL that isn't indexed. No Google Search Console access required.*

I need one more Text Area on mainpage to head some more content with h1-h6 headings for Search Results.

ADDON 4:

I Need one more Section on Mainpage to add some more Content

It can look like this with a image under the text that I can change. You can add a arrow like this. Also a Call To Action Button again “Register now”

I must add some more text with h1-h4 headlines for Search Engines.

ADDON 5:

I need a real cookie banner that blocks scripts like analytics and so on to (check surferseo)

- I must be able to Change this number of credits from admin panel

FIX BUG

The screenshot shows a configuration page with the following fields:

- Is Custom:** Off (grey switch)
- Is Feature:** On (green switch)
- Status:** On (green switch)
- Name:** 25000 Credits
- Policy Note:** Pro Pack
- Price:** 250,00000000
- Discount:** 2,00000000
- Links:** 5000
- Short Description:** (empty)
- Content & Icon:** (empty)

When a user purchases credits, the number in the "Links" section is credited to their account.

However, since 1 link equals 5 credits, this would need to be multiplied by the number of credits we have awarded. Otherwise, the user won't receive the correct amount after the purchase.

FIX BUG 2:

I must be able to add a free plan with the 50 bonus credits for example after signup.

I must be able to choose Price Free and then Button change to Get Started and linked to Register Page.
